09.14 Transition to school

Moving on to school is a major transition in a child's life involving separation from familiar adults and children.

Partnership with schools

- Details of future Schools are obtained and used for Transition purposes
- Every effort is made to forge and maintain strong links with all schools that children may attend. The setting manager will approach schools to open lines of communication where these have not previously existed.
- Details of the school's transition or settling in procedures are discussed in Team meetings and information sent to parents.
- Teachers are welcomed into the setting and sufficient time is made for them to spend both with the child and with the key person, to discuss and share information that will support the child's transition to school.
- A child's EYFS profile and learning journey record is forwarded to the school along with other information that will aid transition and settling in. Parents receive a copy of this.
- Any action plans relating to a child's additional needs are also shared, where this is in place.
- Other formal documentation such as safeguarding information is prepared in line with procedure 07.6 Transfer of records.

Partnership with parents

- Key persons discuss transition to school with parents and set aside time to discuss learning and development summaries. Parents are encouraged to contribute to summaries.
- Key persons will discuss with parents how they are preparing their child for school and will share information about how the setting is working in partnership with the school to aid transition.
- Key persons will make clear to parents the information that will be shared with the school, for example, information regarding child protection and work that has taken place to ensure the child's welfare.

Increasing familiarity for children

- Where the setting is on, or adjacent to a school site, there will be opportunities for children to become familiar with staff and school premises, for example shared use of outdoor and indoor spaces, activities and resources.
- If there are several schools in a catchment area, or the setting is not within a reasonable distance of the school, other means of familiarisation will be explored. This could be through videos, photographs or other information about the school that can be shown within the setting. Staff may borrow resources from the schools and will use these with the children.

Preparing children for leaving

- Children and parents form bonds with adults and children in the setting and will need preparation for separating from the relationships they have formed.
- The child's last day should be prepared for in advance and marked with a special celebration or party that acknowledges that the child is moving on.
- Parents should not be discouraged from bringing the child for the occasional brief visit, as separations often take time to complete. Sometimes children need the reassurance that their nursery/pre-school is still there and that they are remembered.
